

VINAY SWITCHES

Nightinglow

Vinay Group offers a wide range of light fittings and luminaries under the brand Nightinglow and it offers a vast range of products for both indoor and outdoor applications. The brand's core strength lies in serving the industry with efficient, innovative and high quality products. Nightinglow brand has evolved by addition of more and more products with LED lamp source in various categories.

Nightinglow offers LED Picture Art Spot Lights — applications include art galleries, performance shows, home, shops, boutiques, lounges — which are made of aluminium base material. These are available in one, two-three lamp options to meet different design requirements. Few models also offer flexibility in changing direction of illumination. Nightinglow offers LED Wall Lights which are made of aluminium and frosted or acrylic body. They are available in square, round and rectangular shapes to meet different design requirements.
